

**ANDREWS LAKE – MOLAS PASS REGION**  
**SUBALPINE FORESTS, MEADOWS, FENS AND PONDS**  
**ANGIOSPERMS**

**ADOXACEAE – MOSCHATEL FAMILY**

<i>Adoxa moschatellina</i>	Muskroot	2-5 cm tall; palmate leaves; tiny white flowers
<i>Sambucus racemosa</i>	Red Elderberry	1-2 m tall shrub; leaves pinnate; white flowers

**AMARYLLIDACEAE – AMARYLLIS FAMILY**

<i>Allium geberi</i>	Geyer's Onion	12-16 cm tall; leaves long, linear; tepals pinkish
----------------------	---------------	--

**APIACEAE – PARSLEY FAMILY**

<i>Angelica grayi</i>	Gray's Angelica	30-60 cm tall; compound umbel; green flowers
<i>Conioselinum scopulorum</i>	Hemlock-Parsley	40-80 cm tall; umbel of white flowers
<i>Cymopterus lemmonii</i>	Yellow Mountain-parsley	10-40 cm tall; umbel of yellow flowers
<i>Heracleum maximum</i>	Cow Parsnip	1-3 m tall; compound umbel, 20+ white flowers
<i>Ligusticum porteri</i>	Porter's Lovage	≤100 cm tall; ternate lvs; umbel white flowers
<i>Oreoxis alpina</i>	Alpine Parsley	2-8 cm tall; hairy leaves; umbels yellow flowers
<i>Oreoxis bakeri</i>	Baker's Alpine Parsley	2-8 cm tall; smooth leaves; longer petals
<i>Oxyopolis fendleri</i>	Fendler's Cowbane	≤100 cm tall; pinnate lvs.; umbel white flowers
<i>Podistera eastwoodiae</i>	Eastwood's Podistera	4-8 cm tall; prostrate stems; yellow flowers

**ASTERACEAE WITH DISK FLOWERS AND YELLOW RAY FLOWERS**

<i>Arnica cordifolia</i>	Heart-leaved Arnica	10-50 cm tall; opposite heart-shaped leaves
<i>Arnica latifolia</i>	Broadleaf Arnica	20-50 cm tall; opposite large elliptic leaves
<i>Arnica mollis</i>	Hairy Arnica	20-50 cm tall; opposite lanceolate leaves; hairy
<i>Arnica rydbergii</i>	Subalpine Arnica	10-20 cm tall; opposite leaves; rocky areas
<i>Helianthella quinquenervis</i>	Five-nerved Sunflower	30-120 cm tall; large horizontal sunflower head
<i>Heliomeris multiflora</i>	Showy Goldeneye	40-80 cm tall; opposite leaves; forms clumps
<i>Heterotheca pumila</i>	Golden Aster	10-30 cm tall; bushy clumps; many flowers
<i>Hymenoxys grandiflora</i>	Old Man of the Mountain	10-30 cm tall; horizontal sunflower head
<i>Hymenoxys hoopesii</i>	Orange Sneezeweed	20-60 cm tall; drooping rays; many heads
<i>Oreochrysum parryi</i>	Parry's Goldenrod	20-50 cm tall; terminal open cluster; short rays
<i>Packera crocata</i>	Saffron Packera	40-60 cm tall; 2-6 yellow-orange heads on stem
<i>Packera dimorphophylla</i>	Two-leaf Packera	15-20 cm tall; two types of leaves; orange buds
<i>Packera werniiifolia</i>	Hoary Packera	5-10 cm tall; stems hairy; 1-5 heads per stem
<i>Senecio amplexens</i> var. <i>amplexens</i>	Showy Alpine Senecio	20-50 cm tall; green toothed leaves; narrow pointed petals; in meadows & forests
<i>Senecio amplexens</i> var. <i>holmii</i>	Holm's Senecio	8-20 cm tall; purple-tinged, toothed leaves; narrow pointed petals; in scree
<i>Senecio crassulus</i>	Thickleaf Senecio	30-40 cm tall; leaves thick; 4-12 heads on stem
<i>Senecio fremontii</i>	Fremont's Senecio	8-12 cm tall; rounded clumps; 20-100 heads
<i>Senecio triangularis</i>	Arrowleaf Senecio	60-120 cm tall; long triangular serrated leaves
<i>Senecio soldanella</i>	Colorado Senecio	8-20 cm tall; large oval purple leaves; in scree
<i>Solidago multiradiata</i>	Rocky Mt. Goldenrod	30-60 cm tall; rounded flower heads; 13 rays
<i>Solidago simplex</i>	Mt. Albert Goldenrod	20-50 cm tall; rounded flower heads; 8± rays

## ASTERACEAE WITH DISK FLOWERS AND WHITE RAY FLOWERS

<i>Achillea millefolium</i>	Common Yarrow	20-30 cm tall; fern-like leaves; small flowers
<i>Erigeron coulteri</i>	Coulter's Daisy	20-30 cm tall; glandular hairy; narrow rays
<i>Erigeron elatior</i>	Tall Daisy	40-50 cm tall; buds pink; rays narrow & white
<i>Erigeron flagellaris</i>	Whiplash Daisy	5-8 cm tall; long runners; forms colonies
<i>Erigeron grandiflorus</i>	Large-flowered Daisy	2-4 cm tall; hairy; large rays; in tundra
<i>Erigeron melanocephalus</i>	Blackheaded Daisy	5-10 cm tall. Black hairs below large petals

## ASTERACEAE WITH DISK FLOWERS AND PURPLE OR LIGHT PURPLE RAY FLOWERS

<i>Erigeron compositus</i>	Cutleaf daisy	10-20 cm tall; tufted; basal leaves ternate
<i>Erigeron formosissimus</i>	Beautiful Daisy	15-30 cm tall; light violet narrow rays
<i>Erigeron glacialis</i>	Glacial Daisy	10-50 cm tall; rhizomatous; wide lavender rays
<i>Erigeron leiomerus</i>	Rockslide Daisy	5-8 cm tall; crowded mats; stems hairy; in scree
<i>Erigeron pinnatisectus</i>	Featherleaf Daisy	5-10 cm tall; leaves basal, pinnate; large flower
<i>Erigeron speciosus</i>	Showy Daisy	20-60 cm tall; tufted; lavender rays; in meadows

## ASTERACEAE WITH NO DISK FLOWERS, BUT HAS RAY FLOWERS

<i>Agoseris aurantiaca</i>	Orange Mt. Dandelion	20-25 cm tall; orange rays; like dandelion
<i>Agoseris glauca</i>	Yellow Mt. Dandelion	15-20 cm tall; yellow rays; like dandelion
<i>Hieracium albiflorum</i>	White Hawkweed	20-70 cm tall; 10-20 heads; 10-30 white rays
<i>Hieracium triste</i>	Wooly Hawkweed	22-28 cm tall; 2-5 heads; 20-35 yellow rays
<i>Taraxacum ceratophorum</i>	Northern Dandelion	10-40 cm tall; narrow leaves; yellow rays
<i>Taraxacum officinale</i>	Common Dandelion	10-30 cm tall; very common; yellow rays
<i>Taraxacum scopulorum</i>	Alpine Dandelion	Prostrate; leaves indented to rib; yellow rays

## ASTERACEAE WITH COLORED DISK FLOWERS, NO RAY FLOWERS

<i>Anaphalis margaritacea</i>	Pearly Everlasting	20-60 cm tall; white bracts overlap yellow disk
<i>Arnica parryi</i>	Parry's Arnica	20-50 cm tall; opposite leaves; nodding flowers
<i>Artemisia frigida</i>	Fringed Sagebrush	10-40 cm tall; silver-gray leaves; yellow flowers
<i>Artemisia ludoviciana</i>	Silvery Sagewort	20-80 cm tall; silver-gray leaves; yellow flowers
<i>Artemisia scopulorum</i>	Alpine Sagebrush	5-20 cm tall; small yellow brown flowers; odor
<i>Cirsium eatonii</i>	Eaton's Thistle	20-60 cm tall; lavender disk; very prickly
<i>Cirsium scariosum(a)</i>	Low Elk Thistle	No stem; white disks in leaf axils; prickly
<i>Cirsium scariosum(b)</i>	Tall Elk Thistle	40-80 cm tall; white disks in leaf axils; prickly
<i>Cirsium scopulorum</i>	Mountain Thistle	30-70 cm tall; pink disks; densely white hairy
<i>Senecio bigelovii</i>	Nodding Senecio	50-80 cm tall; nodding heads; yellow disks

## ASTERACEAE WITH WHITE DISK FLOWERS, NO RAY FLOWERS

<i>Antennaria corymbosa</i>	Flat-top Pussytoes	10-20 cm tall; plants cluster; white woolly hairs
<i>Antennaria media</i>	Rocky Mt. Pussytoes	5-10 cm tall; disks very pale yellow; lvs. hairy
<i>Chaenactis douglasii</i>	Alpine Dusty Maiden	5-10 cm tall; wide mound; many flowers

## BETULACEAE – BIRCH FAMILY

<i>Alnus incana</i>	Thinleaf Alder	Bushy tree, 2-10 m tall; leaves oval, toothed
---------------------	----------------	---

## BORAGINACEAE – BORAGE FAMILY

<i>Lithospermum multiflorum</i>	Southwestern Stoneseed	15-60 cm tall; long tubular yellow flowers
<i>Mertensia ciliata</i>	Fringed Bluebell	40-90 cm tall; many light blue drooping flowers
<i>Mertensia franciscana</i>	Franciscan Bluebell	Similar to <i>M. ciliata</i> , but light green leaves
<i>Mertensia lanceolata</i>	Snowy Bluebells	10-30 cm tall; drooping blue flowers; alpine
<i>Phacelia bakeri</i>	Baker's Phacelia	5-30 cm tall; purple flowers in terminal ball
<i>Phacelia sericea</i>	Purple Fringe	≤30 cm tall; purple flowers in terminal column

**BRASSICACEAE – MUSTARD FAMILY**

<i>Boechera stricta</i>	<b>Drummond's Rockcress</b>	Erect leaves & seed pods; thin; 4 white petals
<i>Cardamine cordifolia</i>	<b>Heartleaf Bittercress</b>	Flowers in terminal cluster; 4 white petals
<i>Descurainia incana</i>	<b>Mountain Tansy Mustard</b>	Flowers in terminal cluster; 4 yellow petals
<i>Draba albertina</i>	<b>Slender Draba</b>	3-20 cm tall; stems and leaves have simple hairs
<i>Draba aurea</i>	<b>Golden Draba</b>	5-20 cm tall; hairy pods and gray-green leaves
<i>Draba cana</i>	<b>Cushion Draba</b>	10-30 cm tall; hairy; forms clumps; white petals
<i>Draba crassa</i>	<b>Thickleaf Draba</b>	4-6 cm tall. Thick, dark green lanceolate leaves
<i>Draba graminea</i>	<b>Rocky Mt. Draba</b>	1-8 cm tall; forms mats in tundra; erect seed pod
<i>Draba lonchocarpa</i>	<b>Lancepod Draba</b>	1-8 cm tall; simple hairs; short white petals
<i>Draba spectabilis</i>	<b>Showy Draba</b>	7-30 cm long; smooth pods and leaves
<i>Erysimum capitatum</i>	<b>Western Wallflower</b>	10-120 cm tall; 10-20 terminal flowers
<i>Noccaea fendleri</i>	<b>Alpine Pennycress</b>	5-32 cm tall. 10-20 flowers; small white petals

**CAMPANULACEAE – BELLFLOWER FAMILY**

<i>Campanula parryi</i>	<b>Parry's Harebell</b>	20-26 cm tall; single nodding purple flower
<i>Campanula rotundifolia</i>	<b>Harebell</b>	20-30 cm tall; 1-4 blue-purple nodding flowers

**CAPRIFOLIACEAE – HONEYSUCKLE FAMILY**

<i>Linnaea borealis</i>	<b>Twinflower</b>	2 white to pink twin flowers on divided stem
<i>Lonicera involucrata</i>	<b>Twinberry</b>	2 yellow twin flowers on divided stem
<i>Symphoricarpus rotundifolius</i>	<b>Mountain Snowberry</b>	≤ 2 m tall shrub; petals pink; berries white
<i>Valeriana acutiloba</i>	<b>Sharpleaf Valerian</b>	10-40 cm tall; Dense head of white-pink flowers
<i>Valeriana edulis</i>	<b>Tobacco Root</b>	10-60 cm tall; cluster of many white flowers

**CARYOPHYLLACEAE – PINK FAMILY**

<i>Arenaria lanuginose</i>	<b>Spreading Sandwort</b>	5-6- cm tall; single white flowers
<i>Cerastium arvense</i>	<b>Mouse-ear Chickweed</b>	5-20 cm tall; 5 white petals deeply divided
<i>Eremogone congesta</i>	<b>Ballhead Sandwort</b>	3-40 cm tall; tufted 20-50 stems; white flower
<i>Eremogone fendleri</i>	<b>Fendler's Sandwort</b>	10-40 cm tall; stems & bracts hairy; white petals
<i>Minuartia macrantha</i>	<b>House's Sandwort</b>	2-15 cm tall; mounded; broad white petals
<i>Minuartia obtusiloba</i>	<b>Alpine Stitchwort</b>	1-12 cm tall; wide matt; white flowers
<i>Minuartia rubella</i>	<b>Reddish Sandwort</b>	≤ 3 cm tall; prostrate; white flowers
<i>Silene acaulis</i>	<b>Moss Campion</b>	3-6 cm tall; small purple flowers on top of mat
<i>Silene drummondii</i>	<b>Drummond's Campion</b>	25-35 cm tall; thin; calyx long, hairy, striped
<i>Silene scouleri</i>	<b>Simple Campion</b>	10-60 cm tall; calyx 10 striped; flowers pink
<i>Stellaria irrigua</i>	<b>Colorado Starwort</b>	1-5 cm tall; deeply divided white petals; in scree
<i>Stellaria longipes</i>	<b>Long-stalked Starwort</b>	8-20 cm tall; deeply divided white petals
<i>Stellaria umbellata</i>	<b>Umbrella Starwort</b>	5-20 cm tall; flowers hang down from T

**CRASSULACEAE – STONECROP FAMILY**

<i>Rhodiola integrifolia</i>	<b>Rose (Queen's) Crown</b>	5-30 cm tall; terminal cluster of pink flowers
<i>Rhodiola rhodantha</i>	<b>King's Crown</b>	4-20 cm tall; terminal cluster of dark red flowers
<i>Sedum lanceolatum</i>	<b>Spearleaf Stonecrop</b>	4-20 cm tall; succulent leaves; yellow petals

**CYPERACEAE – SEDGE FAMILY**

Perigynia are highly visible sheaths enclosing the ovary of pistillate flowers.

<i>Carex albonigra</i>	<b>Black-and-white Scaled Sedge</b>	Perigynia (P.) reddish black, ovate; triangular-shaped head, densely flowered
<i>Carex aquatilis</i>	<b>Water Sedge</b>	P. green with speckles; long cylindrical terminal spike; most common sedge by fens
<i>Carex aurea</i>	<b>Golden Sedge</b>	P. golden yellow; loosely tufted; multiple spikes

## CYPERACEAE – SEDGE FAMILY (Continued)

<i>Carex canescens</i>	Gray sedge	P. greenish; densely tufted; evenly spaced spikes
<i>Carex capillaris</i>	Hair-like Sedge	P. light brown; densely tufted; narrow spikes
<i>Carex ebenea</i>	Ebony Sedge	P. brownish black, acute tip; dense triangular head
<i>Carex echinata</i>	Star Sedge	P. yellow & pointed; densely tufted; star-shaped
<i>Carex haydeniana</i>	Cloud Sedge	P. black in center, pale margins; rounded head
<i>Carex illota</i>	Sheep Sedge	P. yellow-brown; terminal triple head; loosely tufted; flowers star-shaped; very common in meadows
<i>Carex nova</i>	Black Sedge	P. dark brown; densely tufted; oval head
<i>Carex saxatilis</i>	Rock Sedge	P. purplish black; clustered; long, thin head
<i>Carex scopulorum</i>	Cliff Sedge	P. tan; clustered; long, oval head
<i>Carex utriculata</i>	Beaked Sedge	P. light yellow-green; terminal spike beaked; corncob-like large, long head
<i>Eleocharis palustris</i>	Common Spikerush	10-60 cm tall; 30-100 yellow brown scales; mats
<i>Eleocharis pauciflora</i>	Fewflower Spikerush	10-30 cm tall; pointed terminal head; common
<i>Eriophorum angustifolium</i>	Tall Cotton-sedge	30-100 cm tall; red leaf tips; seed head fluffy
<i>Eriophorum chamissonis</i>	Chamisso's Cotton-sedge	30-70 cm tall; seed head like cotton ball

## ERICACEAE – HEATH FAMILY

<i>Arctostaphylos uva-ursi</i>	Kinnikinnick.	2-4 cm tall; prostrate ground cover; flower pink
<i>Gaultheria humifusa</i>	Alpine Wintergreen	4-10 cm tall; prostrate shrub; pink hanging flowers
<i>Pyrola asarifolia</i>	Pink Wintergreen	15-40 cm tall; erect pink flowers; in wet meadows
<i>Pyrola minor</i>	Lesser Wintergreen.	10-25 cm tall; large basal leaves; flowers pale pink
<i>Vaccinium myrtillus</i>	Whortleberry	5-30 cm tall; ground cover; flowers pink & white
<i>Vaccinium scoparium</i>	Dwarf Whortleberry	10-30 cm tall; shrub; hanging pink flowers

## FABACEAE – PEA FAMILY

<i>Astragalus alpinus</i>	Alpine Milvetch	6-12 cm tall; pinnate; light purple & white flowers
<i>Oxytropis sericea</i>	White Locoweed	10-25 cm tall; pinnate, spike of white flowers
<i>Trifolium attenuatum</i>	Rocky Mountain Clover	10-20 cm tall; mound; pink & white flowers
<i>Trifolium brandegeei</i>	Brandegee's Clover	6-12 cm tall; cluster of shiny pink flowers
<i>Trifolium nanum</i>	Dwarf Clover	2-4 cm tall; prostrate; light pink or white flowers
<i>Trifolium parryi</i>	Parry's Clover	15-25 cm tall; light pink & white flowers
<i>Vicia americana</i>	American Vetch	20-100 cm long vine with tendrils; purple flowers

## GENTIANACEAE – GENTIAN FAMILY

<i>Frasera speciosa</i>	Green Gentian	1-2 m tall. Many pale green flowers on tall stalk
<i>Gentiana algida</i>	Artic Gentian	5-10 cm tall; white petals with purple dots
<i>Gentiana parryi</i>	Bottle Gentian	10-30 cm tall; blue flowers with tips turned out
<i>Gentiana prostrata</i>	Moss Gentian	2-10 cm tall; single small light blue flowers
<i>Gentianella amarella</i>	Little Gentian	8-40 cm tall; narrow flower, small pink-purple petals
<i>Gentianopsis thermalis</i>	Fringed Gentian	5-40 cm tall; purple flowers; petals twisted, turned out
<i>Swertia perennis</i>	Star Gentian	10-50 cm tall; star shaped flowers; grayish-blue petals

## GERANIACEAE – GERANIUM FAMILY

<i>Geranium richardsonii</i>	Richardson's Geranium	30-70 cm tall; pale pink petals with stripes
------------------------------	-----------------------	--

## GROSSULARIACEAE – CURRANT FAMILY

<i>Ribes cerium</i>	Wax current	≤ 2 m tall shrub; pink or yellow petals, no spines
<i>Ribes laxiflorum</i>	Colorado Currant	≤ 1 m tall shrub; ink petals; no spines
<i>Ribes montigenum</i>	Red Prickly Currant	≤ 1.5 m tall shrub; pinkish-red petals, spiny

**IRIDACEAE – IRIS FAMILY**

- Iris missouriensis* Missouri Iris 20-60 cm tall; 6 white tepals in two whorls, irregular  
*Sisyrinchium montanum* Rocky Mt. Blue-eyed Grass 10-50 cm tall; 6 purple tepals with stripes

**JUNCACEAE – RUSH FAMILY**

- Juncus drummondii* Drummond's Rush 10-30 cm tall; tufted; tepals have green stripe  
*Juncus mertensianus* Mertens' Rush 5-30 cm tall; tufted; tepals dark brown

**LILIACEAE – LILY FAMILY**

- Calochortus gunnisonii* Gunnison's Mariposa Lily 20-60 cm tall; 3 white tepals, 3 light green  
*Erythronium grandiflorum* Glacier Lily 20-30 cm tall; 6 bright yellow tepals pointing down  
*Lloydia serotina* Alpine Lily 5-20 cm tall; 6 white, striped tepals pointing up  
*Streptopus amplexifolius* Twisted Stalk 15-100 cm tall; 6 greenish tepals hanging down

**LINACEAE – FLAX FAMILY**

- Linum lewisii* Lewis Flax 15-80 cm tall; thin stem; temporary light blue flowers

**MELANTHIACEAE – FALSE HELLEBORE FAMILY**

- Anticlea elegans* Death Camas 20-80 cm tall; star-shaped flowers; light green tepals  
*Veratrum californicum* Corn Lily 1.5-2 m tall; 100's of light green flowers along stem

**MENYANTHACEAE – BUCKBEAN FAMILY**

- Menyanthes trifoliata* Buckbean Aquatic; 10-20 cm above surface; star-shaped flowers

**MONTIACEAE – MINER'S LETTUCE FAMILY**

- Claytonia megarhiza* Alpine Spring Beauty 15-25 cm tall; white petals; pink exerted stamens  
*Lewisia pygmaea* Pygmy Bitterroot 2-8 cm tall; long lanceolate leaves; flowers pink

**ONAGRACEAE – EVENING PRIMROSE FAMILY**

- Chamerion angustifolium* Fireweed 0.5-1.5 m tall; forms patches; numerous pink-red flowers  
*Chamerion latifolium* Dwarf Fireweed 10-40 cm tall; purple flowers; exerted stamens  
*Epilobium anagallidifolium* Alpine Willow-herb 5-20 cm tall; stems droop; white petals;  
*Epilobium hornemannii* Hornemann's Willow-herb 10-50 cm tall; tiny whitish petals  
*Epilobium saximontanum* Rocky Mt. Willow-herb 10-50 cm tall; pink-white petals

**ORCHIDACEAE – ORCHID FAMILY**

- Coeloglossum viride* Long-bracted Frog Orchid 5-50 cm tall; long bracts; greenish flowers  
*Corallorhiza maculata* Spotted Coralroot 20-60 mm tall; flower lip white, purple dot  
*Neottia cordata* Heartleaf Twayblade 5-30 cm tall; yellow-green flowers  
*Platanthera aquilonis* Northern Green Orchid 10-60 cm tall; light yellowish spurred flowers  
*Platanthera dilatata* Scentbottle Orchid 2-15 cm tall; many white, spurred flowers  
*Spiranthes romanzoffiana* Hooded Lady's Tresses 10-50 cm tall; white, hooded, spiraled flowers

**OROBANCHACEAE – BROOMRAPE FAMILY**

- Castilleja haydenii* Rosy Paintbrush 10-15 cm tall; bracts light pink, very hairy  
*Castilleja miniata* Red Paintbrush 25-70 cm tall; bracts red-orange, often deeply cut  
*Castilleja occidentalis* Alpine Yellow Paintbrush 8-15 cm tall; bracts light yellow, deep cuts  
*Castilleja rhexifolia* Splitleaf Paintbrush 25-60 cm tall; bracts purplish, rose, or mottled  
*Castilleja septentrionalis* W. Yellow Paintbrush 20-60- cm tall; bracts pale yellow, deep cuts

**OROBANCHACEAE – BROOMRAPE FAMILY (Continued)**

<i>Pedicularis bracteosa</i>	Fern-leaf Lousewort	30-100 cm tall; pinnate leaves; pale yellow flowers
<i>Pedicularis groenlandica</i>	Elephant's Head	20-50 cm tall; purple elephant-shaped head
<i>Pedicularis parryi</i>	Alpine Lousewort	10-40 cm tall; pinnate; few white-yellow flowers
<i>Pedicularis procera</i>	Tall Lousewort	≤130 cm tall; long bracts between striped flowers
<i>Pedicularis racemosa</i>	Sickle-top Lousewort	15-50 cm tall; lanceolate leaves; white flowers
<i>Pedicularis scopulorum</i>	Alpine Lousewort	20-90 cm tall; pinnate; rose-purple flowers

**PAPAVERACEAE – POPPY FAMILY**

<i>Corydalis caseana</i>	Fitweed	50-100 cm tall bush; irregular flowers; pink petals
--------------------------	---------	---

**PHYRMACEAE – LOPSEED FAMILY**

<i>Mimulus guttatus</i>	Yellow Monkeyflower	5-55 cm tall; petals hairy yellow with red spots,
<i>Mimulus tilingii</i>	Subalpine Monkeyflower	7-20 cm tall; petals hairy yellow; patches

**PLANTAGINACEAE – PLANTAIN FAMILY**

<i>Besseyia alpina</i>	Alpine Kittentails	5-20 cm tall; dense purple flowers
<i>Besseyia ritteriana</i>	Ritter's Kittentails	20-40 cm tall; dense pale flowers
<i>Chionophila jamesii</i>	Snowlover	5-10 cm tall; purple bracts; white flowers
<i>Penstemon hallii</i>	Hall's Penstemon	10-20 cm tall; bluish-purple bilabiate flowers
<i>Penstemon harbourii</i>	Harbour's Penstemon	5-10 cm tall; mats; light purple to blue flowers
<i>Penstemon whippleanus</i>	Whipple's Penstemon	20-60 cm tall; short hairs; dark purple flowers
<i>Veronica serpyllifolia</i>	Thyme-leaf Veronica	8-30 cm tall; small light blue flowers
<i>Veronica wormskjoldii</i>	Alpine Veronica	10-30 cm tall; small light purple flowers

**POACEAE – GRASS FAMILY**

<i>Bromopsis ciliata</i>	Fringed brome	45-120 cm tall; nodding; many spikelets
<i>Bromopsis inermis</i>	Smooth Brome	20-130 cm tall; weedy; "W" on leaves
<i>Bromopsis porteri</i>	Nodding Brome	40-90 cm tall; nodding; few spikelets
<i>Calamagrostis canadensis</i>	Bluejoint Reedgrass	60-150 cm tall; nodding; common by ponds
<i>Danthonia intermedia</i>	Timber Oatgrass	10-50 cm tall; open panicle; 5-10 spikelets
<i>Deschampsia cespitosa</i>	Tufted Hairgrass	10-150 cm tall; very open pyramidal panicle
<i>Festuca brachyphylla</i>	Alpine Fescue	5-15 cm tall; strongly tufted; long awns
<i>Phleum alpinum</i>	Alpine Timothy	20-60 cm tall; short spike-like panicle
<i>Phleum pratense</i>	Common Timothy	40-100 cm tall; long spike-like panicle
<i>Poa alpina</i>	Alpine Bluegrass	4-30 cm tall; no stolons; densely tufted
<i>Poa artica</i>	Artic Bluegrass	8-30 cm tall; stolons; loosely tufted
<i>Trisetum spicatum</i>	Spike Trisetum	10-120 cm tall; spike-like panicle; exerted awns

**POLEMONIACEAE – PHLOX FAMILY**

<i>Aliciella pinnatifida</i>	Sticky Gilia	15-70 cm tall; blue-violet flowers; glandular hairy
<i>Phlox condensata</i>	Dwarf Phlox	2-3 cm tall; mat forming; light blue-white flowers
<i>Polemonium confertum</i>	Rocky Mt. Sky Pilot	10-20 cm tall; tufted; dense head of blue flowers
<i>Polemonium pulcherrimum</i>	Jacob's Ladder	5-25 cm tall; pale blue-purple flowers; smelly
<i>Polemonium viscosum</i>	Sky Pilot	10-20 cm tall; matted; light blue-violet flowers

**POLYGONACEAE – BUCKWHEAT FAMILY**

<i>Bistorta bistortoides</i>	American Bistort	20-75 cm tall; tepals white; spikelike flowers
<i>Bistorta vivipara</i>	Alpine Bistort	8-35 cm tall; tepals white; bulblets on stem
<i>Eriogonum umbellatum</i> var. <i>aurea</i>	Golden Sulphur Flower	10-35 cm tall; cluster yellow flowers
<i>Eriogonum umbellatum</i> var. <i>porteri</i>	Alpine Sulphur Flower	Prostrate; flower branches ≤ 5 mm
<i>Oxyria digyna</i>	Mountain Sorrel	3-50 cm tall; red stem; dense red flowers
<i>Rumex densiflorus</i>	Dense-flowered Dock	50-100 cm tall; dense green and red flowers

## POTAMOGETONACEAE – PONDWEED FAMILY

*Potamogeton gramineus* Variableleaf Pondweed Flowering stem  $\leq 80$  cm tall; flowers green

## PRIMULACEAE – PRIMULUS FAMILY

*Androsace septentrionalis* Pygmyflower Rockjasmine 4-20 cm tall; white flowers on many stems

*Primula parryi* Parry's Primrose 8-60 cm tall; large reddish purple flowers

## RANUNCULACEAE – BUTTERCUP FAMILY

*Aconitum columbianum* Monkshood 1-2 m tall; deep blue sepals hooded over petals

*Actaea rubra* Red Baneberry 20-80 cm tall; terminal cluster of white flowers

*Anemone multifida* Red Windflower 30 $\pm$  cm hi; maroon petals with yellow centers

*Aquilegia coerulea* Blue Columbine 15-70 cm tall; light blue sepals; white petals

*Aquilegia elegantula* Western Red Columbine 10-50 cm tall; orange sepals behind petals

*Caltha leptosepala* Marsh Marigold 5-30 cm tall; large entire leaves; large white sepals

*Delphinium barbeyi* Subalpine Delphinium 1-2 m tall; large purple irregular flower

*Ranunculus alismifolius* Water-plantain Buttercup 10-15 cm tall; 8 $\pm$  separated yellow petals

*Ranunculus eschscholtzii* Eschscholtz's Buttercup 5-10 cm tall; 5 overlapping yellow petals

*Ranunculus inamoenus* Graceful Buttercup 12-20 cm tall; 5 yellow separated petals

*Ranunculus hyperboreus* High Northern Buttercup Aquatic; stem and yellow flower emergent

*Ranunculus macauleyi* Rocky Mt. Buttercup 6-12 cm tall; red-black hairy sepals; 5 large yellow overlapping petals

*Thalictrum alpinum* Alpine Meadowrue 5-20 cm tall; ternate leaves; hanging flowers

*Thalictrum fendleri* Meadowrue 30-60 cm tall; ternate leaves; hanging flowers

*Trollius albiflorus* White Globeflower 5-60 cm tall; leaves palmate; 5-9 white sepals

## ROSACEAE – ROSE FAMILY

*Dasiphora fruticosa* Shrubby Potentilla  $\leq 1$  m thick shrub; yellow rose-like flowers

*Dryas octopetala* Eight-petal Mt. Avens 1-11 cm tall; white petals; mat-forming

*Fragaria virginiana* Strawberry 5-10 cm tall; trifoliate leaves; white flowers

*Geum macrophyllum* Largeleaved Avens 20-120 cm tall; trifoliate leaves; yellow flowers

*Geum rossii* Alpine Avens 3-15 cm tall; pinnate leaves; shiny yellow flowers

*Geum triflorum* Prairie Smoke  $\leq 40$  cm tall; purple sepals; pink petals; pinnate

*Ivesia gordonii* Mousetail 7-30 cm tall; ball of yellow flowers; pinnate leaves

All *Potentilla* species have yellow flowers and compound leaves. Frequent hybridization.

*Potentilla concinna* Elegant Potentilla 2-11 cm tall; palmate leaves; 5-7 curled leaflets

*Potentilla diversifolia* Varileaf Potentilla 5-25 cm tall; palmate leaves; 5-7 ciliate leaflets

*Potentilla gracilis* Slender Potentilla 20-80 cm tall; palmate leaves; 5-9 toothed leaflets

*Potentilla nivea* Snow Potentilla 2-15 cm tall; ternate leaves; forms mounds

*Potentilla pulcherrima* Beautiful Potentilla 20-80 cm long; palmate leaves; forms mats

*Potentilla rubricaulis* Red-stemmed Potentilla 4-15 cm long; red stems; palmate leaves

*Potentilla subjugata* Colorado Potentilla 10-30 cm tall; palmate leaves; leaflets whitish

*Rosa woodsii (blanda)* Woods' (Smooth) Rose  $\leq 1.5$  m tall shrub; pink petals; forms thicket

*Rubus idaeus* Red Raspberry 0.5-1.5 m tall prickly shrub; white petals; red fruit

*Sibbaldia procumbens* Creeping Sibbaldia 5-15 cm tall mats; long sepals; short yellow petals,

**SALICACEAE – WILLOW FAMILY**

<i>Populus tremuloides</i>	Aspen	20-40 m tall deciduous tree; white bark; leaves cordate
<i>Salix brachycarpa</i>	Shortfruit Willow	0.2-1.5 m tall shrub; curved and twisted branches; leaves hairy, light gray green; short catkins
<i>Salix nivalis</i>	Snow Willow	≤ 2 cm tall; trailing stems; leaves– veins net pattern, shiny, rounded tips; dioecious
<i>Salix petrophila</i>	Alpine willow	2-10 cm tall; trailing stems; leaves– veins pinnate, dark green, pointed tips; dioecious
<i>Salix planifolia</i>	Planeleaf Willow	1-3 m tall shrub; straight branches; leaves bright green on top, whitish- hairy below; long catkins

**SAXIFRAGACEAE – SAXIFRAGE FAMILY**

<i>Heuchera parviflora</i>	Common Alumroot	20-60 cm tall; basal leaves; light yellow flowers
<i>Micranthes odontoloma</i>	Brook Saxifrage	≤20 cm tall; small white flowers with red style
<i>Micranthes rhomboidea</i>	Snowball Saxifrage	10-30 cm tall; small white flowers in ball shape
<i>Mitella pentandra</i>	Five-star Mitrewort	10-30 cm tall; wide sepals; green pinnatifid petals
<i>Mitella stauropetala</i>	Side-flowered Mitrewort	10-40 cm tall; wide sepals, white linear petals

*Saxifraga* species have basal leaves and a few stem leaves, upper stem leaves much smaller. All have relatively tall stems.

<i>Saxifraga austromontana</i>	Spotted Saxifrage	6-10 cm tall; white petals with red spots
<i>Saxifraga cernua</i>	Bulblet Saxifrage	5-10 cm tall; bulblets on red stems; white petals
<i>Saxifraga cespitosa</i>	Tufted Alpine Saxifrage	5-10 cm tall; very hairy stems; white petals
<i>Saxifraga chrysantha</i>	Golden Saxifrage	5-10 cm tall mats; red stems; yellow petals
<i>Saxifraga flagellaris</i>	Whiplash Saxifrage	10-15 cm tall; red stolons; yellow petals; red style
<i>Saxifraga rivularis</i>	Pygmy Saxifrage	5-15 cm tall; green stems with 2-5 white flowers

**TYPHACEAE FAMILY – CATTAIL FAMILY**

<i>Sparganium angustifolium</i>	Narrowleaf Bur-reed	Aquatic; ≤1 m long strings of stems on water
---------------------------------	---------------------	--

**VIOLACEAE – VIOLET FAMILY**

<i>Viola adunca</i>	Hook-spurred Violet	Light blue-violet, striped, spurred flowers High elevation plants are often referred to as variety <i>bellidifolia</i> .
<i>Viola canadensis var. scopulorum</i>	White Violet	5-30 cm tall; cordate leaves; small white flowers
